MARIST SCHOOL
Atlanta, Georgia

Founded in 1901 by Rev. John E. Gunn, S.M., Marist is dedicated to the need of higher education for young Catholic men in Atlanta.

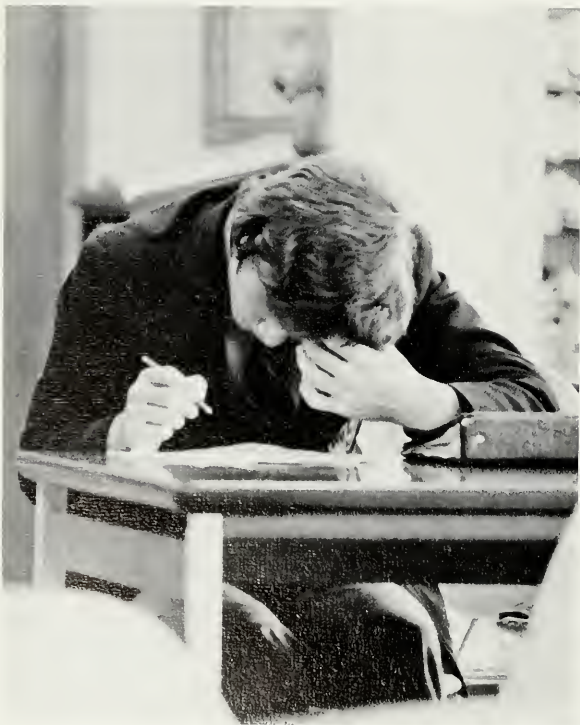

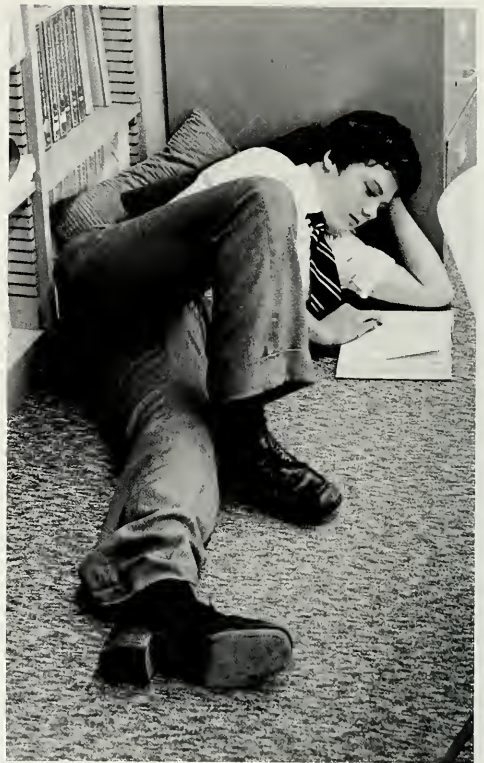

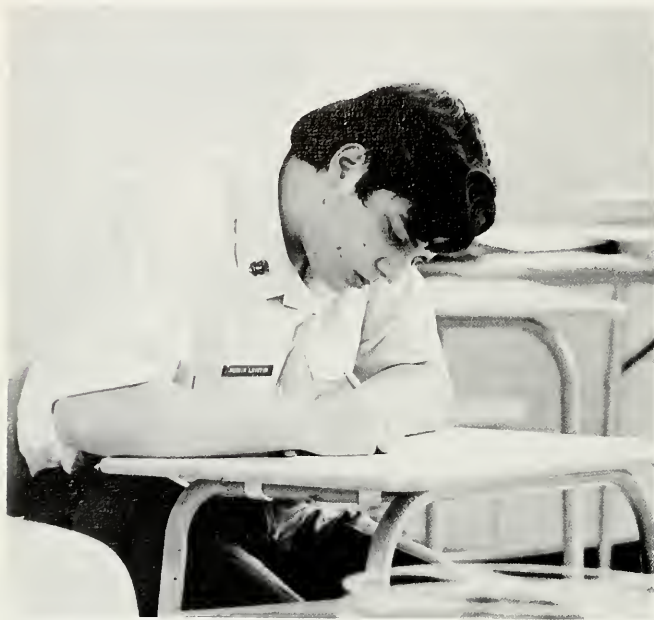

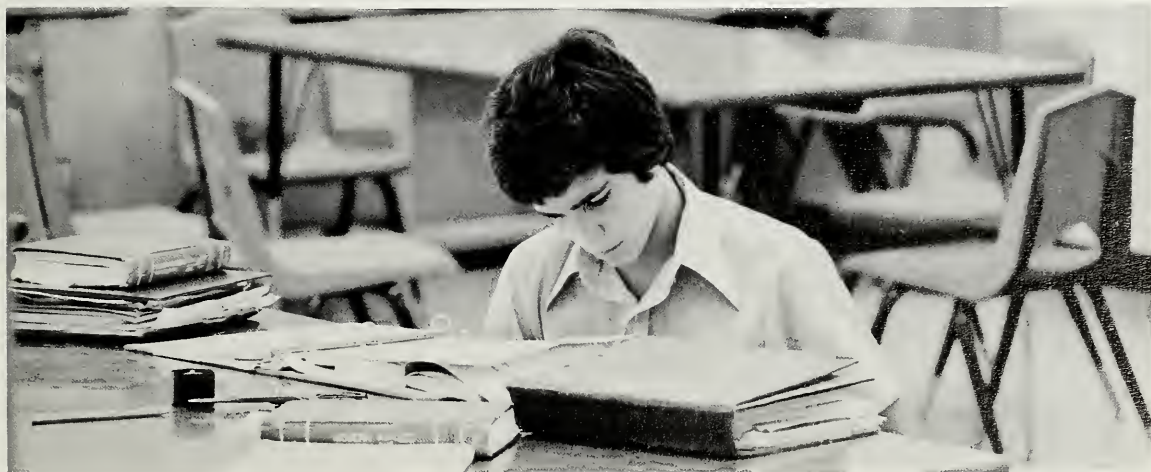

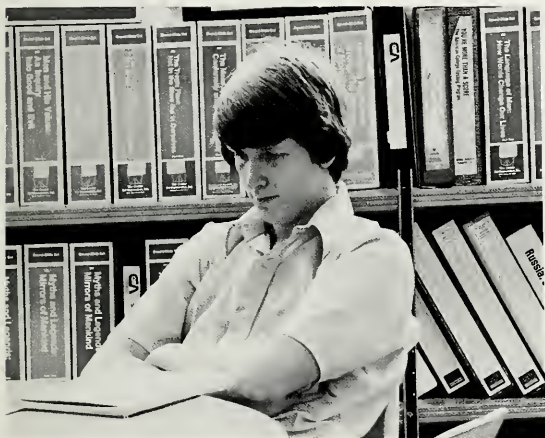

Rev. John E. Gunn, S.M.

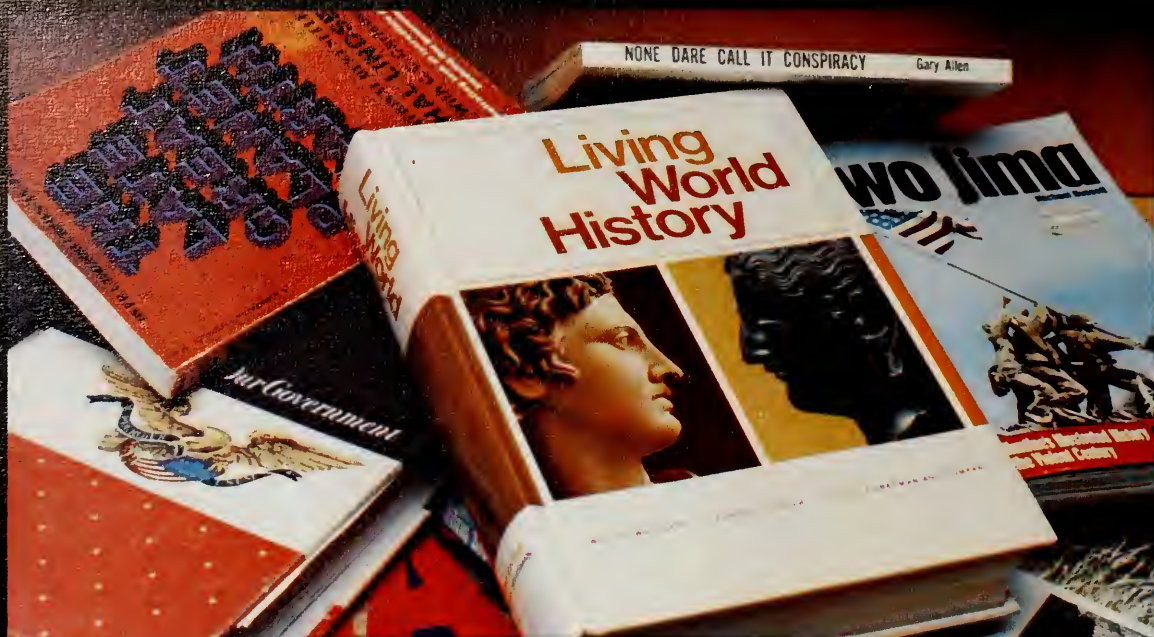

In fulfilling Fr. Gunn's goal, the curriculum exceeds just memorizing facts, theorems, and postulates.

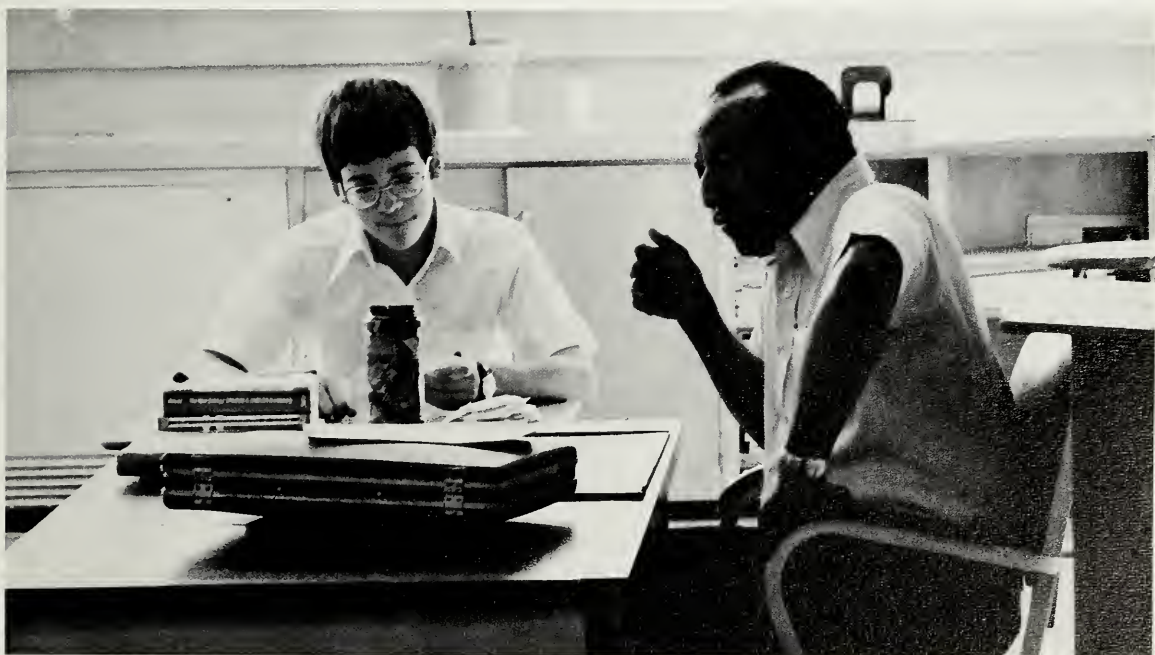

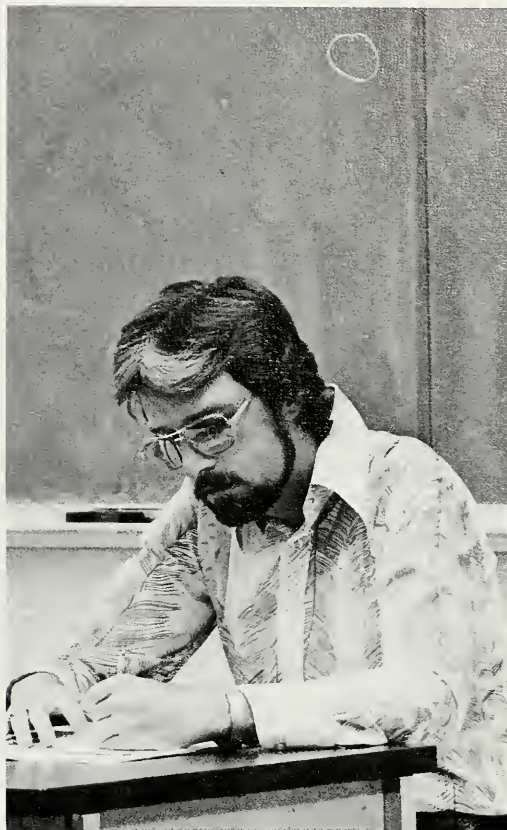

An education at Marist deals with the unique combination of knowledge of the past, realities of the present, and possibilities for the future.

To achieve this delicate balance of learning,
the faculty recognizes their important task of
not only teaching math, English, and history,

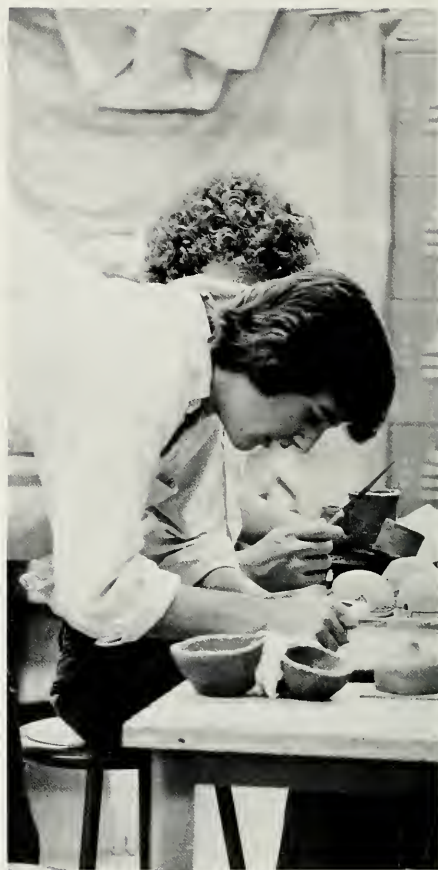

but also aiding students to relate to each other
in this impersonal world.

This personal atmosphere so closely unites the students of Marist that no name is unfamiliar at the year's close.

Marist is not composed of just the brick,
mortar, and steel of the buildings;

the spirit of every student and teacher unified into one mass of individuals represents the real Marist.

The largest, most active, and most important organization at Marist is the Student Council. Made up of five officers and one representative from every homeroom, the Student Council provides a form for student expression, and promotes harmonious relations throughout the school. It improves school spirit and student morale, and assists in the management of various school functions.

Everyone knows of the Student Council, but few realize what all it does to promote spirit, growth, and general welfare of the school. We, the staff, wish to recognize the Student Council in this separate section to highlight their many activities this past school year.

When the Marist War Eagles take out revenge on an opponent, they don't fool around. Coach Dean Hargis' team wanted to make up for last year's 7-6 loss at the hands of North Springs, and the War

back rushed for 149 yards on 19 carries and scored three touchdowns in the opening period. The game was billed as a 218-pounder made tackle until a leg lined him late in the third quarter. Marist Wins Game Of The Year, 35-3

By MIKE BENTLEY
Sports Editor

The football team at Marist has a lot to be thankful for this week. A lot to think about. Memories to savor for a lifetime. For, the Marist team of Dean Hargis won perhaps the game of the year in Georgia when Marist toppled previously unbeaten Gordon, 35-34, last week at Panthersville Stadium. It was as if it was out of a story-book, with the characters played by local

wire. When you win with one second left, that's pretty much down to the wire. "It was a game where you had to do everything right or you'd be out of it," Hargis continued. "I'm just proud we did the things right that brought us back in the game and eventually gave us the opportunity to win." Hargis said some serious defensive adjustments at halftime enabled his team to climb its way back into the contest. "A whole lot of things

A new coach and a new strategy directs fourteen men in fast paced action this year. Each player has learned to outmaneuver the opposition on a man to man basis. However, one man cannot score alone. Every man is a part of a close knit team, and they have been taught, as a team, to move the ball around, above, and through for the score.

The game is football to most of the world and Coach Hamlin. This game, played in the cold, is one of intense concentration and constant motion. A player uses every part of his body to achieve accuracy and play with total control.

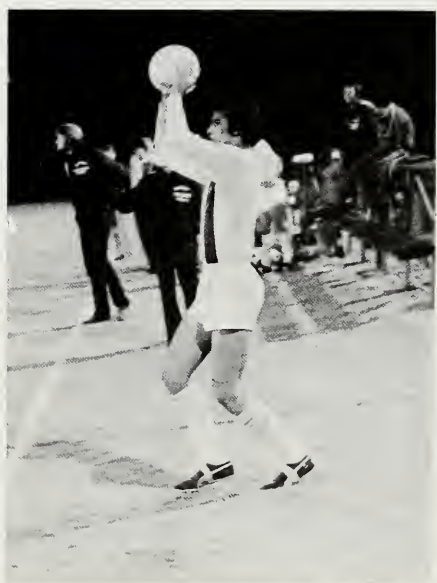

It is a team sport in every sense, where the entire team can depend on one player or one player can depend on the entire team. And when the team has set that single player up for one shot at goal, the point scored is through team effort.

CONCLUSION

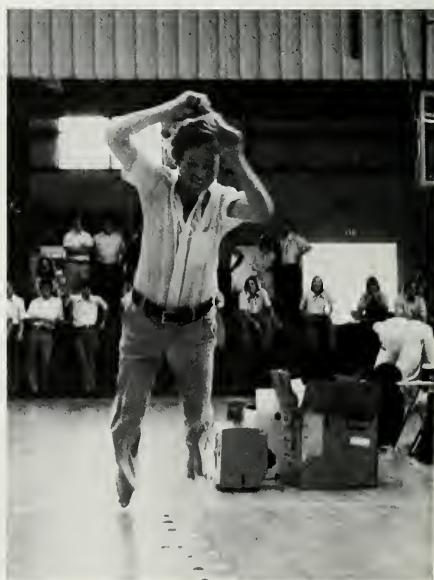

There are three elements basic to a full life:
fond memories of the past, good friends in
the present and many hopes for the future.

It is these three aspects of Marist to which
we dedicate this book: the history it has
given us, the friends we gain in its halls and
the hopes it gives us for the future.

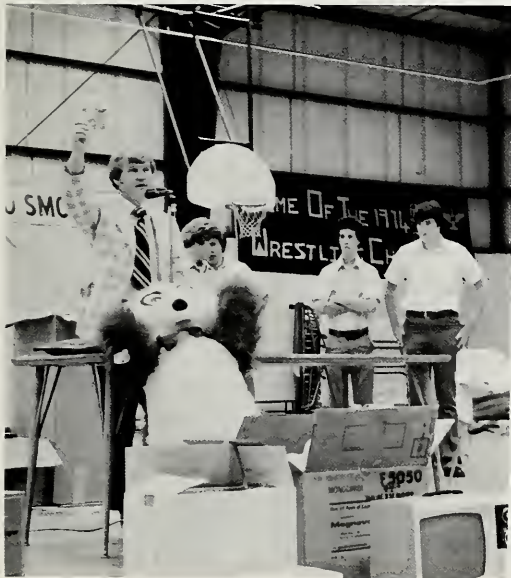

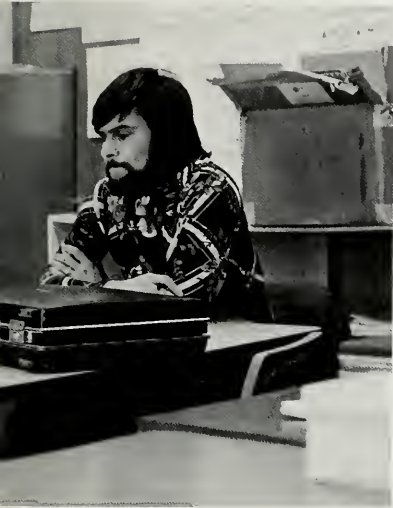

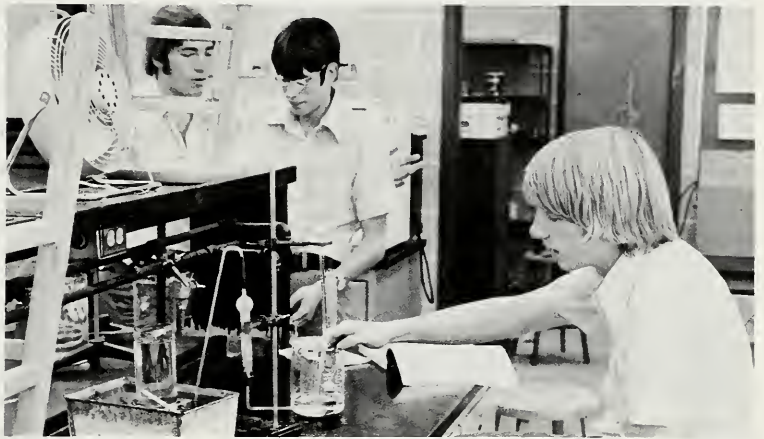

As the year draws to a close, each student prepares to leave Marist behind him. Some just for the summer, others for indefinite periods of time. Each student takes with him something different, more than facts; he takes experiences, friendships and knowledge. In concluding this book, we the Guidon staff, would like to salute the people and events of Marist over this past year.

A very special thanks to Joe Samples whose never-ending patience in many a demanding and last minute request helped to make this book possible.

Also to Chris Garvey, a special thanks for capturing that memorable photograph on pg. 115 of the Marist/Gordan game.
